SCREWDRIVER

S E R I E S

Combining Ergonomics, Productivity and Value...

Light weight aluminum housing

Ergonomic handle with textured soft grip

1 HP motor

3 Idler gear system for increased life and load capacity

Telescoping throttle, conveniently located reverse

The right screwdriver for your application

Sioux Tools Signature Series Screwdriver line was developed with operator comfort, speed and accuracy in mind. The lightweight aluminum housing and comfort grip combined with the powerful 1 HP motor give you a tool series that is powerful and comfortable to hold. Signature Series Screwdrivers are used in applications ranging from furniture assembly to aircraft manufacturing and repair and are available in Stall Drive, Positive Clutch and Adjustable Clutch models. The 3 Idler gear system gives you the value of a tool with increased life and load capacity. With low sound level and low vibration, operator fatigue is reduced for greater productivity. Screwdrivers are available in both pistol grip and lever handle configurations.

The Signature Series

Inspired by the operator, designed by Sioux Tools. Since 1914, Sioux Tools has been committed to bringing productive solutions to the pneumatic power tool industry.

Signature Series is an innovative pneumatic power tool program created through the implementation of next generation ergonomics, productivity enhanced features, value and accuracy.

Through industry research and operator input, we have engineered a program that truly delivers tools for the way you work!

- Furniture Manufacturing
- Trailer Manufacturing
- Manufactured Housing
- Appliance Manufacturing
- General Industrial
